

WHY CHOOSE CHAMBER BLUESM?

Think Blue

BlueCross BlueShield of South Carolina has earned the trust of South Carolinians for more than 72 years, offering solutions for business owners throughout the state. As a small business owner, you need to find health insurance that you and your employees can count on. Here are some of the things you'll get with Blue[®]:

Our plans

Our Chamber Blue Chamber Plans (for businesses with **51+** employees) or **Business BlueEssentials** (for groups with **2 – 50** employees) provide value and quality health care for your employees.

These offerings include qualified high-deductible health plans (HDHP), which allow use of a health savings account (HSA), and health reimbursement account (HRA) plans.

Large provider network

Our plans come with access to the Preferred Blue[®] Network — the largest network in South Carolina. The Preferred Blue Network is a group of physicians, hospitals and other health care providers that work to keep your employees safe, healthy and on the job.

My Health Toolkit[®]

My Health Toolkit helps you and your employees make smart decisions and manage their health plan. With My Health Toolkit, members can take control of their health care from the comfort of their own homes. Whether they need to locate an in-network doctor or want to research the cost of a specific surgery, My Health Toolkit has the resources that can help members make sound decisions on treatments.

Quality care with a virtual doctor

Why should your employees wait for the care they need now? With Blue CareOnDemandSM, they can see doctors when and where they want through video consults on their smartphone, tablet or personal computer. It's truly care on demand — no matter the time of day or night or even where they happen to be!
